

RULES OF PLAY

AGES 10+ | 2+ PLAYERS

CONTENTS

27 cards

OBJECT

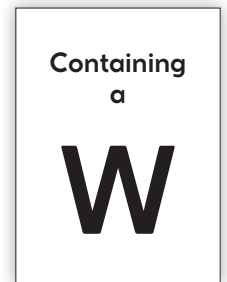

Collect the most cards by being the first to shout out answers that match the criteria on the cards.

SET UP

1. Cut out the cards and sort them into two piles: one with pink borders, the other with white.
2. Shuffle each pile separately and then place them both face-down next to each other in the middle of the playing area.

HOW TO PLAY

- Flip over the top two cards simultaneously.
- All players now race to be the first to call out an answer that matches the criteria of the two cards.
- Whoever calls out a correct answer first collects both cards.
- Flip over the new top cards to begin the next round.

Notes:

- If two or more players tie — or if all players agree there is no answer — turn the pink-bordered card over and place it at the bottom of the pile.
- If there is debate over whether an answer is valid, majority rules. A tie goes in favor of the player who gave the answer.

ENDING THE GAME

The game ends after all of the cards have been revealed. Whoever has collected the most cards wins!
